without you (in more  
ways than one). Good

Larry,  
I am glad we had at least

it was English with Miss Stowell.  
You made a good class President

for our class. Best of Luck

Your Fordson days have

harry,  
I don't understand why you didn't  
leave a space on the first line. I just  
can't figure out why.  
But I go in it won't be that you have  
to just pick the latest book this  
way until you finish it. I just say, just  
extra add a little, it's just my  
habit. Because when I read it, it  
just sticks to my head easily.

find "our" pattern forever etched on the minds of

students, faculty, and community.

...and face. I just think  
it really is great to have a  
place like this. I am sure it  
will be a great place to go to  
and to visit. I am sure it will  
be a great place to go to  
and to visit.

LARRY,

It really has  
been great know-  
ing you here at  
F. H. S., and you  
have accomplished  
much. Let this  
drive be with  
you always and  
I know you  
will succeed.

Best of luck  
at college -

Frank

proven by your actions in the  
Physical Education class.

It's been alot of fun  
having Speech, History  
and Civics classes  
together. Even though  
I don't agree with you  
all the time, I must  
admire you for the  
way you try to defend  
yourself. Good luck

Barry, I wish the  
best of luck to  
a great guy who  
had his tonsils  
out in the same  
hospital as me.  
And remember,  
what you'll lack  
in stature you've  
made up with a  
wonderful personality.
